

# AUTOMOTIVE TECHNOLOGIES

Students use professional tools and state-of-the-art computer systems in an authentic workshop environment to gain hands-on experience in automotive repair and maintenance. This two-year program is designed to graduate students as technicians with a broad skill set, a foundation in electrical systems, and a general understanding of all automotive systems.

## CAREER OPPORTUNITIES:

- Automotive marketing and sales
- Auto parts sales/management
- Service advisor
- Service technician
- Shop manager/owner
